

Satellite Broadband for European Regions  
CIP-ICT PSP Call 6

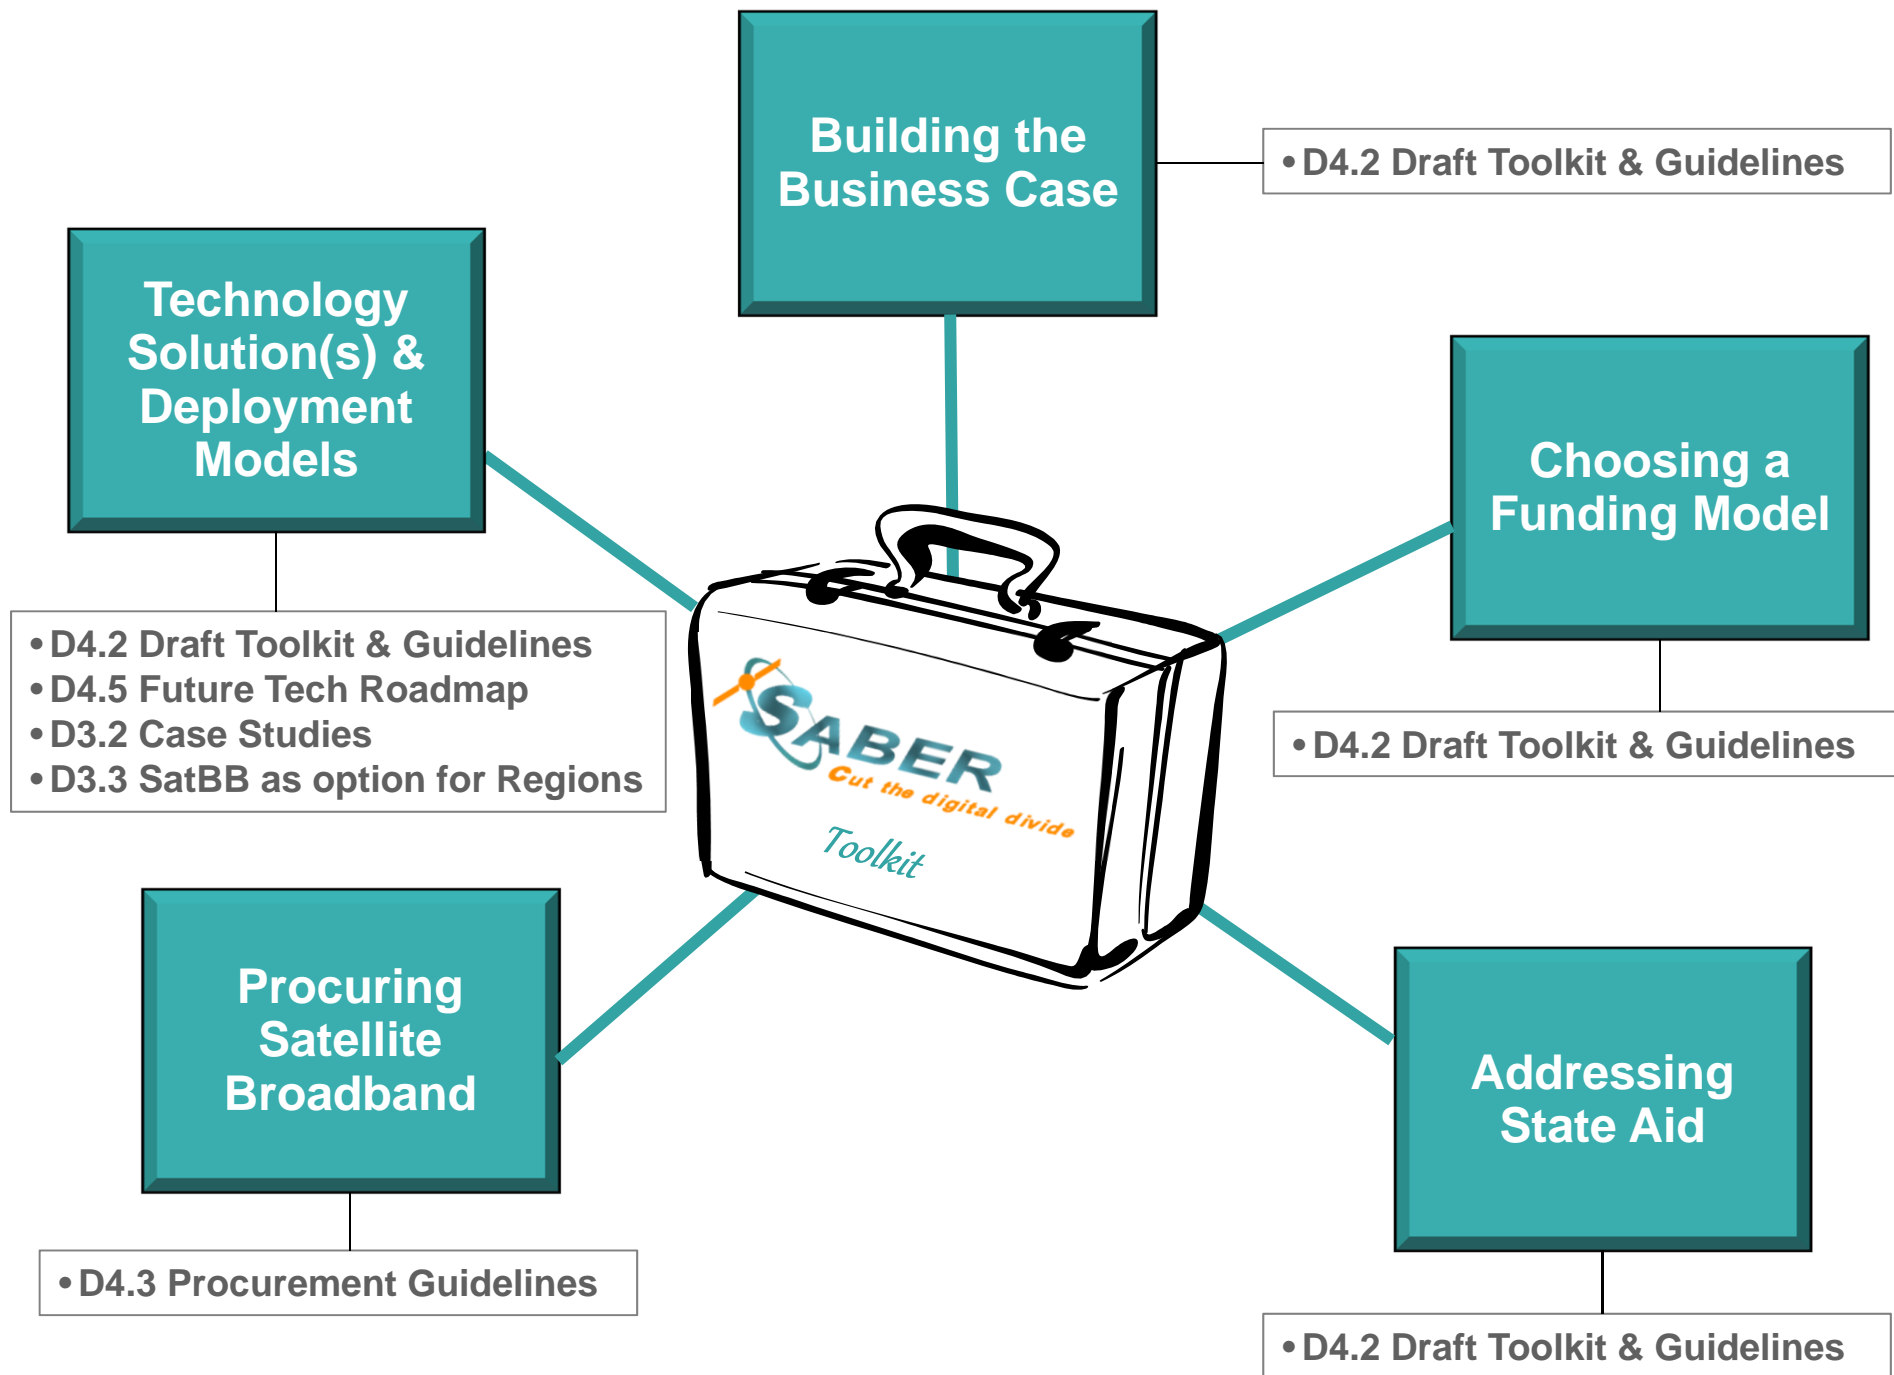

# ***SABER WP4 Presentation of Deliverables***

## ***Workshop 7, Arendal, Norway 24 June 2014***

*Patrick Sullivan, Slí Nua Development  
Agnes Salvatori, Airbus Defense and Space  
Rosemary O'Connor, Slí Nua Development  
Luisella Ciani, Eutelsat*

## Technology Solution(s) & Deployment Models

- D4.2 Draft Toolkit & Guidelines
- D4.5 Future Tech Roadmap
- D3.2 Case Studies
- D3.3 SatBB as option for Regions

## ***D4.2 Draft Toolkit & Guidelines – Technology Solutions & Deployment Models***

***Guidance is based on D3.3 Satellite Broadband as an Option for Regions***

**Guidance covers:**

- What is satellite broadband?
- Why choose satellite broadband?
- Who delivers satellite broadband?
- How can Public Administrations support the take-up of satellite broadband solutions
- Deployment models for satellite broadband:
  - *Public Administrations provide backhaul, e.g. in rural communities*
  - *Wholesales purchase by Public Administrations*
  - *Public Private Partnership approaches (PPP)*
  - *Demand Aggregation concept*

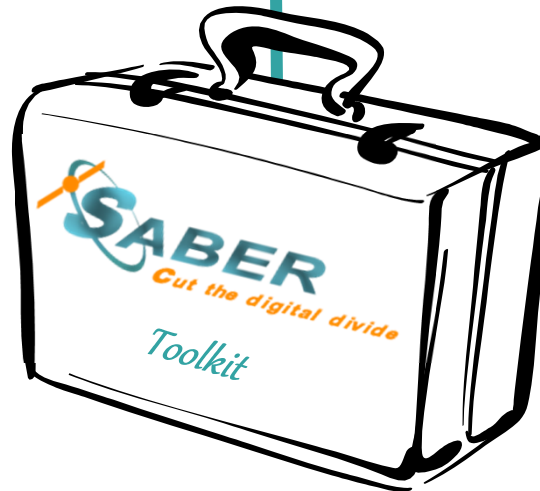

# Agnes – Future Technology Roadmap

## Building the Business Case

- D4.2 Draft Toolkit & Guidelines

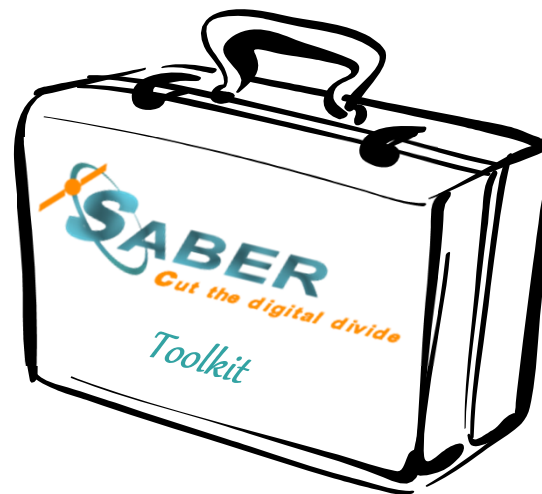

## ***D4.2 Draft Toolkit & Guidelines – Building the Business Case***

### **Guidance covers:**

- Defining the problem or need to be addressed
  - *Economic & social development – creating, distributing and exploiting knowledge*
  - *Bolstering rural economies*
  - *Looking at access, adoption and usage*
  - *Arguments for public funding*
- Advantages that satellite broadband can offer
- Identifying key stakeholders
- Identifying beneficiaries
- Developing a project plan
- Crunching the numbers

## Choosing a Funding Model

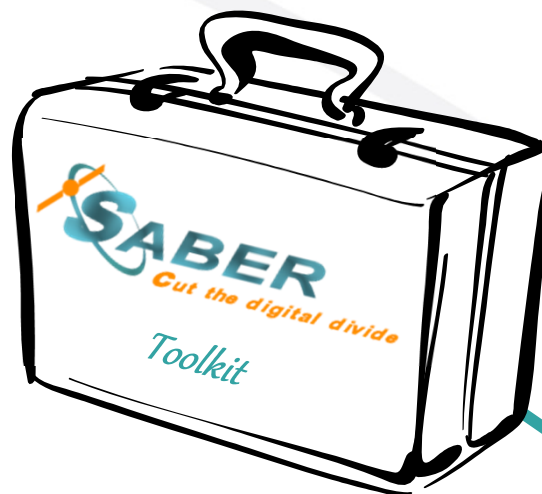

- D4.2 Draft Toolkit & Guidelines

## ***D4.2 Draft Toolkit & Guidelines – Choosing a funding model***

### **Guidance covers:**

- Links to DG Regio Guide to Broadband Investment
- Summary of main funding sources for broadband investment:
  - EARDF (Structural Funds)
  - ERDF (Structural Funds)
  - CEF (Connecting Europe Facility)
  - National Finance Instruments (*to be discussed in afternoon*)
  - Private Financial Instruments
  - Others??

## Addressing State Aid

- D4.2 Draft Toolkit & Guidelines

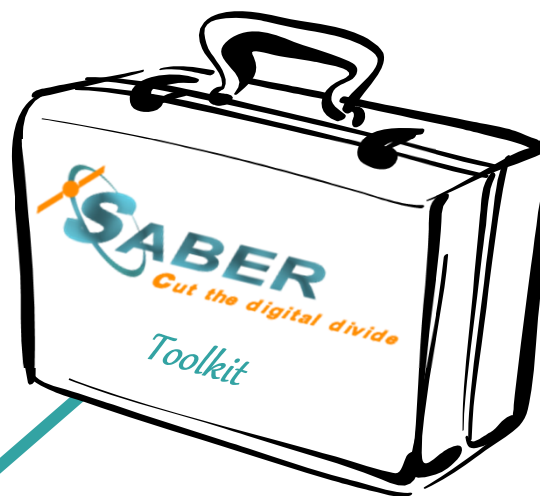

## ***D4.2 Draft Toolkit & Guidelines – Addressing State Aid***

### **Guidance covers:**

- Introduction
- What qualifies as State Aid?
- General exceptions
- Notification of a scheme/measure
- Simplified procedure
- General block exemptions
- Aid for broadband infrastructure
- De Minimis aid regulation
- Member State approved schemes

## Procuring Satellite Broadband

- D4.3 Procurement Guidelines

# Luisella – Procurement Guidelines
